BASSETT, M. G. Early Palaeozoic peri-Gondwana terranes: new insights from tectonics and biogeography	1
TORSVIK, T. H. & COCKS, L. R. M. The Lower Palaeozoic palaeogeographical evolution of the northeastern and eastern peri-Gondwanan margin from Turkey to New Zealand	3
POPOV, L. E., BASSETT, M. G., ZHEMCHUZHNIKOV, V. G., HOLMER, L. E. & KLISHEVICH, I. A. Gondwanan faunal signatures from Early Palaeozoic terranes of Kazakhstan and Central Asia: evidence and tectonic implications	23
FATKA, O. & MERGL, M. The 'microcontinent' Perunica: status and story 15 years after conception	65
SERVAIS, T. & SINTUBIN, M. Avalonia, Armorica, Perunica: terranes, microcontinents, microplates or palaeobiogeographical provinces?	103
ÁLVARO, J. J. & VAN VLIET-LANOË, B. Late Ordovician carbonate productivity and glaciomarine record under quiescent and active extensional tectonics in NE Spain	117
COCKS, L. R. M. & FORTEY, R. A. Avalonia: a long-lived terrane in the Lower Palaeozoic?	141
HARPER, D. A. T., OWEN, A. W. & BRUTON, D. L. Ordovician life around the Celtic fringes: diversifications, extinctions and migrations of brachiopod and trilobite faunas at middle latitudes	157
PANKHURST, R. J. & VAUGHAN, A. P. M. The tectonic context of the Early Palaeozoic southern margin of Gondwana	171
EDWARDS, D., AXE, L., POIRÉ, D. G., MOREL, E. M., BASSETT, M. G. & CINGOLANI, C. A. Enigmatic fossils from the Upper Silurian of Bolivia: evidence for marine productivity in high-latitude Gondwana	177
BENEDETTO, J. L., VACCARI, N. E., WAISFELD, B. G., SÁNCHEZ, T. M. & FOGLIA, R. D. Cambrian and Ordovician biogeography of the South American margin of Gondwana and accreted terranes	201
EDWARDS, D., POIRÉ, D. G., MOREL, E. M. & CINGOLANI, C. A. Plant assemblages from SW Gondwana: further evidence for high-latitude vegetation in the Devonian of Argentina	233
CHERNS, L. & WHEELLEY, J. R. Early Palaeozoic cooling events: peri-Gondwana and beyond	257
