ZELLMER, G. F., EDMONDS, M. & STRAUB, S. M. Volatiles in subduction zone magmatism	1
<b>Tracing volatiles from the subducting slab to the overriding crust</b>	
NEGULESCU, E. & SĂBĂU, G. Fluid-mediated alteration of eclogite lenses in subduction complexes: a case from the Leaota Massif (South Carpathians)	19
THORWART, M., DZIERMA, Y., LIESER, K., BUHS, H. & RABBEL, W. Shear-wave velocity structure of the Chilean subduction zone (39–40°S) based on Rayleigh wave dispersion: evidence of fluid release and melts in the mantle beneath the Villarrica volcano	59
BÉGUÉ, F., GRAVLEY, D. M., CHAMBEFORT, I., DEERING, C. D. & KENNEDY, B. M. Magmatic volatile distribution as recorded by rhyolitic melt inclusions in the Taupo Volcanic Zone, New Zealand	71
<b>The role of volatiles in subvolcanic processes and eruption triggering</b>	
EDMONDS, M., BRETT, A., HERD, R. A., HUMPHREYS, M. C. S. & WOODS, A. Magnetite-bubble aggregates at mixing interfaces in andesite magma bodies	95
CHRISTOPHER, T., EDMONDS, M., TAISNE, B., ODBERT, H., COSTA, A., HARDS, V. & WADGE, G. Periodic sulphur dioxide degassing from the Soufrière Hills Volcano related to deep magma supply	123
CIGOLINI, C., LAIOLO, M. & COPPOLA, D. Revisiting the last major eruptions at Stromboli volcano: inferences on the role of volatiles during magma storage and decompression	143
ROBERGE, J., GUILBAUD, M.-N., MERCER, C. N. & REYES-LUNA, P. C. Insight into monogenetic eruption processes at Pelagatos volcano, Sierra Chichinautzin, Mexico: a combined melt inclusion and physical volcanology study	179
GENAREAU, K., CRONIN, S. J. & LUBE, G. Effects of volatile behaviour on dome collapse and resultant pyroclastic surge dynamics: Gunung Merapi 2010 eruption	199
<b>Volatiles in magmatic-hydrothermal systems and volcanic degassing</b>	
ZELLMER, G. F., HWANG, S.-L., SAKAMOTO, N., IIZUKA, Y., HARADA, S., KIMURA, J.-I., TAMURA, Y. & YURIMOTO, H. Interaction of arc magmas with subvolcanic hydrothermal systems: insights from compositions and metasomatic textures of olivine crystals in fresh basalts of Daisen and Mengameyama, Western Honshu, Japan	219
TARAN, Y. & ZELENSKI, M. Systematics of water isotopic composition and chlorine content in arc-volcanic gases	237
BAGNATO, E., TAMBURELLO, G., AVARD, G., MARTINEZ-CRUZ, M., ENRICO, M., FU, X., SPROVIERI, M. & SONKE, J. E. Mercury fluxes from volcanic and geothermal sources: an update	263
