## Contents

**Marker, B. R., Pettersson, M. G., McEvoy, F. & Stephenson, M. H.**  
Sustainable Minerals Operations in the Developing World: introduction  

The need and context for sustainable mineral development  

**Hobbs, J. C. A.**  
Enhancing the contribution of mining to sustainable development  

**Richards, J. P.**  
The role of minerals in sustainable human development  

**Harrison, D. J., Fidgett, S., Scott, P. W., MacFarlane, M., Mitchell, P., Eyre, J. M. & Weeks, J. M.**  
Sustainable river mining of aggregates in developing countries  

**Scott, P. W., Eyre, J. M., Harrison, D. J. & Bloodworth, A. J.**  
Markets for industrial mineral products from mining waste  

**Eshun, P. A.**  
Sustainable small-scale gold mining in Ghana: setting and strategies for sustainability  

**Nyambe, I. A. & Kawamya, V. M.**  
Approaches to sustainable minerals development in Zambia  

**Davies, T. C. & Osano, O.**  
Sustainable mineral development: case study from Kenya  

**D’Souza, K. P. C. J.**  
Artisanal and small-scale mining in Africa: the poor relation  

**Mitchell, C. J.**  
FarmLime: low-cost lime for small-scale farming  

**Akhtar, A.**  
Mineral resources and their economic significance in national development: Bangladesh perspective  

**Husain, V.**  
Obstacles in the sustainable development of artisanal and small-scale mines in Pakistan and remedial measures  

**Mishra, P. P.**  
Mining and environmental problems in the Ib valley coalfield of Orissa, India  

**Tolia, D. H. & Pettersson, M. G.**  
The Gold Ridge Mine, Guadalcanal, Solomon Islands’ first gold mine: a case study in stakeholder consultation  

**Carvalho, J. F. & Lisboa, J. V.**  
Construction raw materials in Timor Leste and sustainable development  

**Stephenson, M. H. & Penn, I. E.**  
Capacity building of developing country public sector institutions in the natural resource sector
