MARTINI, I. P., FRENCH, H. M. & ALBERTI, A. P. Ice-marginal and periglacial processes and sediments: an introduction	1
INGÓLFSSON, Ó. Fingerprints of Quaternary glaciations on Svalbard	15
LØNNE, I. & NEMEC, W. Modes of sediment delivery to the grounding line of a fast-flowing tidewater glacier: implications for ice-margin conditions and glacier dynamics	33
LØNNE, I. & NEMEC, W. The kinematics of ancient tidewater ice margins: criteria for recognition from grounding-line moraines	57
LUKAS, S. & SASS, O. The formation of Alpine lateral moraines inferred from sedimentology and radar reflection patterns: a case study from Gornergletscher, Switzerland	77
PÉREZ ALBERTI, A., DÍAZ, M. V., MARTINI, I. P., PASCUCCI, V. & ANDREUCCI, S. Upper Pleistocene glacial valley-junction sediments at Pias, Trevinca Mountains, NW Spain	93
CARLING, P. A., KNAAPEN, M., BORODAVKO, P., HERGET, J., KOPTEV, I., HUGGENBERGER, P. & PARNACHEV, S. Palaeoshorelines of glacial Lake Kuray–Chuja, south-central Siberia: form, sediments and process	111
KELLER, M., HINDERER, M., AL-AJMI, H. & RAUSCH, R. Palaeozoic glacial depositional environments of SW Saudi Arabia: process and product	129
FRENCH, H. Frozen sediments and previously-frozen sediments	153
LEVY, J. S., HEAD, J. W. & MARCHANT, D. R. Gullies, polygons and mantles in Martian permafrost environments: cold desert landforms and sedimentary processes during recent Martian geological history	167
THORN, C. E., DARMODY, R. G. & DIXON, J. C. Rethinking weathering and pedogenesis in alpine periglacial regions: some Scandinavian evidence	183
GUGLIELMIN, M., FAVERO-LONGO, S. E., CANNONE, N., PIERVITTORI, R. & STRINI, A. Role of lichens in granite weathering in cold and arid environments of continental Antarctic	195
VANDEBERGHE, J. Periglacial sediments: do they exist?	205
VAN STEIJN, H. Stratified slope deposits: periglacial and other processes involved	213
OLIVA, M. & ORTIZ, A. G. Holocene slope dynamics in Sierra Nevada (south Spain). Sedimentological analysis of solifluction landforms and lake deposits	227
BROOKFIELD, M. E. Aeolian processes and features in cool climates	241
NEWELL, W. L. & DEJONG, B. D. Cold-climate slope deposits and landscape modifications of the Mid-Atlantic Coastal Plain, Eastern USA	259
Index	277
