Geological Society books refereeing procedures

The Society makes every effort to ensure that the scientific and production quality of its books matches that of its journals. Since 1997, all book proposals have been refereed by specialist reviewers as well as by the Society's Books Editorial Committee. If the referees identify weaknesses in the proposal, these must be addressed before the proposal is accepted.

Once the book is accepted, the Society Book Editors ensure that the volume editors follow strict guidelines on refereeing and quality control. We insist that individual papers can only be accepted after satisfactory review by two independent referees. The questions on the review forms are similar to those for *Journal of the Geological Society*. The referees' forms and comments must be available to the Society's Book Editors on request.

Although many of the books result from meetings, the editors are expected to commission papers that were not presented at the meeting to ensure that the book provides a balanced coverage of the subject. Being accepted for presentation at the meeting does not guarantee inclusion in the book.

More information about submitting a proposal and producing a book for the Society can be found on its website: www.geolsoc.org.uk.

It is recommended that reference to all or part of this book should be made in one of the following ways:

CRAIG, J., GERALI, F., MACAULAY, F. & SORKHABI, R. (eds) 2018. *History of the European Oil and Gas Industry*. Geological Society, London, Special Publications, **465**.

TULUCAN, A.D., SOVEJA-IACOB, L.-E. & KREZSEK, C. 2018. History of the oil and gas industry in Romania. In: CRAIG, J., GERALI, F., MACAULAY, F. & SORKHABI, R. (eds) *History of the European Oil and Gas Industry*. Geological Society, London, Special Publications, **465**, 191–200. First published online May 18, 2018, <https://doi.org/10.1144/SP465.15>

THE GEOLOGICAL SOCIETY

The Geological Society of London (GSL) was founded in 1807. It is the oldest national geological society in the world and the largest in Europe. It was incorporated under Royal Charter in 1825 and is Registered Charity 210161.

The Society is the UK national learned and professional society for geology with a worldwide Fellowship (FGS) of over 10 000. The Society has the power to confer Chartered status on suitably qualified Fellows, and about 2000 of the Fellowship carry the title (CGeol). Chartered Geologists may also obtain the equivalent European title, European Geologist (EurGeol). One fifth of the Society's fellowship resides outside the UK. To find out more about the Society, log on to www.geolsoc.org.uk.

The Geological Society Publishing House (Bath, UK) produces the Society's international journals and books, and acts as European distributor for selected publications of the American Association of Petroleum Geologists (AAPG), the Indonesian Petroleum Association (IPA), the Geological Society of America (GSA), the Society for Sedimentary Geology (SEPM) and the Geologists' Association (GA). Joint marketing agreements ensure that GSL Fellows may purchase these societies' publications at a discount. The Society's online bookshop (accessible from www.geolsoc.org.uk) offers secure book purchasing with your credit or debit card.

To find out about joining the Society and benefiting from substantial discounts on publications of GSL and other societies worldwide, consult www.geolsoc.org.uk, or contact the Fellowship Department at: The Geological Society, Burlington House, Piccadilly, London W1J 0BG: Tel. +44 (0)20 7434 9944; Fax +44 (0)20 7439 8975; E-mail: enquiries@geolsoc.org.uk.

For information about the Society's meetings, consult *Events* on www.geolsoc.org.uk. To find out more about the Society's Corporate Affiliates Scheme, write to enquiries@geolsoc.org.uk.

Acknowledgements

A great many people and organizations assisted the editors with the development and production of this volume. In particular, we would like to thank The University of Oklahoma School of Library and Information Studies and History of Science Collections and College of Law; The Library of the American Philosophical Society; Prof. Barry Cooper, President of the International Commission on the History of the Geological Sciences (INHIGEO); Prof. Slawomir Lotysz, President of the International Committee for the History of Technology (ICOHTEC); Prof. William Brice, Petroleum History Institute; Prof. Elena Helerea, University of Brasov; Prof. Stephen Weldon, The University of Oklahoma and Chief Editor of the ISIS Current Bibliography on the History of Science. We also thank Ben Dewhirst and David McCann for assistance in reviewing the drafts of the papers.

The following individuals generously devoted their time and their expertise to reviewing the papers and suggesting improvements:

Uwe Altenberger, Ian Andrews, Mustafa As-Saruri, Balázs Badics, Alain Beltran, Roberto Bencini, Bernard Besly, William B. Brice, Tim

Bushell, Roberto Cantoni, Ferdinando Cazzini, Anna Cazzola, Robin Chesters, Jonathan Craig, Paul Culpin, Arnaud De Fejiter, Anthony Doré, Simone Fari, Francesco Gerali, Jon Gluyas, Graham Goffey, John Harper, Barbra Harvie, Alan Heward, Per Högselius, Hans Krause, Piotr Krzywiec, Richard Law, Cliff Lovelock, Fiona MacAulay, Agata Madericova, Richard J. Milton-Worsell, Marco Pantaloni, Emil Platon, Iain Scotchman, Matthew Silverman, Ray Sorenson, Jeff A. Spencer, Randell Stephenson, John Summers, Daniel Truempy, Filippos Tsikalas, Mario Wannier, Lucy Williams, Andrew Zolnai

The editors particularly wish to acknowledge the contribution of Angharad Hills, Tamzin Anderson, Jo Armstrong, Sarah Gibbs, Hannah Turner and the other staff of the Geological Society Publishing House for their guidance, patience and all their hard work during the production of this volume.

The Geological Society thanks the following companies for their generous sponsorship of the Petroleum Group and the conference that led to this volume.

Petroleum Group corporate sponsors at the time of the conference:

Sponsors of European Oil and Gas Industry History conference:
