Tow Valley Fault 22
trace fossils 177, 234, 246, 248
trap development 1, 2, 68, 274, 448, 449–52

Triassic geology
Central Irish Sea Basin 63
Cockburn Basin 282–3
North Celtic Sea Basin 106–8, 174
North Channel 17
Rathlin Basin 23
St Georges Channel Basin 174
SE Ireland 79–80

U/Pb geochronology 443–4
Ulster White Limestone 18
unconformities 323, 324, 341

Valhall Formation 474
Variscan Front 82, 83, 437
modelling behaviour of 90–3
reconstruction of 93–6
Variscan orogeny 11, 79, 82, 106
vitrinite reflectance 73, 74, 269, 394, 395
volcanism, Permian 19

Waulsortian reefs 79
Wealden Basin 323
Wealden Sandstones 262
Wealden Shales 263–4
Wessex Basin 60, 102, 323
West Clare Namurian Basin 327–8, 330
West Hebrides Platform 386
West Shetland Basin 60, 341, 386
Western Approaches Basin 60, 102, 280, 325, 341
Westline (Western Extension over the Slyne Trough Line) 423–7
Wexford Beds 211–12
Whitegate refinery 6
wide-angle reflection profile (WARP) methods 413–14, 438–9, 459, 460
results 414–19, 439–42, 460–5
Winnipeg Group 177, 178, 179, 181
Worcester Basin 81, 82, 86

zircon dating 443–4
Zoophycus 177, 248
